

WASTE & ASH RECEPTACLES

H Series

Canopy Top, Outdoor Receptacles

Designed for unpredictable outdoor use, although stylish enough for the finest lobbies. Models are available with or without separate built in cigarette urns. These Canopy Top models have a large funnel opening for easy use.

S Series

Dome Top Litter Containers with Self Closing Cover

This classic design features a spring action, self closing aluminum flap. It enhances fire safety and odor containment while keeping waste in its place. Protective, decorative safety gasket around the opening makes sure metal edges are not exposed.

F Series

Funnel Top Litter Containers with Large Center Opening

A practical solution for high traffic, fast action locations, this open funnel design conveniently encourages use by neatly guiding waste to the inside of the receptacle.

D Series

Donut Top, Combination Ash & Trash Receptacles

Glaro's DONUT TOP Series of Ash/Trash Receptacles provides both the sand trough for smokers and the litter opening for trash in the top for easy access and to maximize the inner trash capacity.

T Series

Open Dome Top Litter Containers with Large Center Opening

This open dome design keeps disposals simple while discouraging unsightly and unwanted accumulation on its top.

TA Series

Tip Action Top Litter Containers with Self Closing Cover

This popular design incorporates a balanced, weighted Tip Action center disk flap that always quietly returns to center, closing the unit after each deposit, containing odors, fire and unsightly trash within the all metal unit.

C Series

Flat Top Litter Containers with Large Side Opening

A contemporary design for upscale locations, this modern receptacle's attractive appearance encourages use simply by standing out in the crowd.

H Series

Combination Ash/Trash Receptacles with Canopy Top & Large Side Opening

Ideal for outdoor use. This contemporary design features a Canopy cover over its ash tray top. This upscale design encourages use simply by standing out in the crowd.

4400/3400 Series

Indoor / Outdoor Smoker's Post Ash Receptacles

A sleek, modern and durable solution for disposing cigarettes by your building's entrances. This contemporary design will compliment ALL other Glaro products

C Series

Combination Ash/Trash Receptacles with Large Side Opening

This contemporary design features a large removable "ash tray" top. This upscale design encourages use simply by standing out in the crowd.

F Series

Funnel Top Litter Containers with Large Center Opening

These receptacles will coordinate perfectly with Glaro's WasteMasters and all other Glaro products. This compact 9" diameter model has a separate, removable inner container with a lift out handle for easy removal.

192 Series

Sand Tray Top Cigarette Urns & Combination Ash / Trash Receptacles

This Classic is designed to coordinate perfectly with all other Glaro products. The cover can be used with or without sand. This model also incorporates a separate, removable inner refuse container to hold trash. A perfect choice.
