6600 BE Premium Bellman Cart

PREMIUM BELLMAN CART COLLECTION

Bellman Carts

The Glaro Glider "6 Wheel Premium" Collection

**Glaro 6 Wheel Carts Will Out-Perform Any Conventional Cart...
...Two Center Pivot Wheels Make the BIG Difference!**

- **Glaro Pioneered & Popularized**

The "6 wheel" cart concept. This is the first major innovation to the bellman cart industry in many years. In addition, Glaro has perfected and is the only manufacturer to engineer rust and tarnish-proof aluminum and "brass" carts. Plus Glaro Glider carts are proudly produced entirely in the USA. All carts are shipped in only a few days from receipt of an order.

- **The Big Cart that also works in Tight Spaces...**

This six wheel design (4 swivel corner wheels and 2 fixed center wheels) enables you to maneuver this 48 inch cart as if it were only 24 inches long.

- **Carries 150% More Weight**

The six, Eight Inch Diameter, Ball Bearing, Pneumatic tires on a Powder Coated Galvanized Steel Chassis can quietly carry 150% more weight than conventional four wheel carts.

6600 SA - Premium Bellman Cart

- **Normal Loads Feel 50% Lighter**

These carts can be maneuvered easily with less inertia or tilting because there is more wheel surface supporting your load. "Normal" loads are 50% easier to manipulate than conventional four wheel carts.

- **Unbelievable Maneuverability**

Maneuverability is unbelievable. Glaro carts are much easier to control when space is limited because of the 6 wheel advantage.

- **A Smooth Quiet Ride**

Never disturb your guest again. The six Glaro Glider, Eight-Inch Diameter, Ball-Bearing, Shock Absorbing "Air-Filled" tires, maneuver smoothly and quietly, even on hard floor surfaces. These carts can be maneuvered easily with less noise because there is more wheel surface supporting your load. "Normal" loads are 50% easier to manipulate than conventional four wheel carts.

- **Push or Pull from Either End**

Glaro Carts have no front and no back. The cart is easily controlled from either side and can be pushed or pulled with total control, making it easier to turn corners without bumping walls. Get in and out of elevators or tight places with ease.

- **Customizable**

Put a logo or wording on the carpet in any color you wish. Supply us with the art or ask our graphics department to provide the design. Carpeting is durable Olefin and may be replaced in the field when needed. Mix and match any Glaro finish on each part of the cart frame to create a contrasting two color cart. Match or contrast the interior design at the property! Be creative! Be different if you wish! Create a unique look!

- **...And More**

The extra thick, solid, waterproof exterior plywood deck will endure use and abuse. Edges are protected with matching, finished extruded metal trim and a thick, non-scuff soft rubber bumper that protects your walls, furnishings and the cart itself.

Solid Rubber Bumper
