Glaro

GLARO's Diversifie

WAST

H Series

Canopy Top, Outdoor Receptacles

Designed for outdoor use, although stylish enough for the finest lobbies. Models are available with or without separate built-in cigarette urns. These Canopy Top models have a large funnel opening for easy use.

S Series

Dome Top Litter Containers with Self Closing Cover

This classic design features a spring action, self-closing aluminum flap. It enhances fire safety and odor containment while keeping waste in its place. Protective, decorative safety gasket around the opening insures that metal edges are not exposed.

F Series

Funnel Top Litter Containers with Large Center Opening

A practical solution for high traffic, fast action locations, this open funnel design conveniently encourages use by neatly guiding waste to the inside of the receptacle.

D Series

Donut Top, Combination Ash & Trash Receptacles

Glaro's DONUT TOP Series of Ash/Trash Receptacles provide both the sand trough for smokers and the litter opening for trash in the top for easy access and to maximize the inner trash capacity.

T Series

Open Dome Top Litter Containers with Large Center Opening

This open dome design keeps disposals simple while discouraging unsightly and unwanted accumulation on its top.

TA Series

Tip Action Top Litter Containers with Self Closing Cover

This popular design incorporates a balanced, weighted Tip Action center disk flap that always quietly returns to center, closing the unit after each deposit, containing odors, fire and unsightly trash within the all metal unit.

C Series

Flat Top Litter Containers with Large Side Opening

A contemporary design for upscale locations, this modern receptacle's attractive appearance encourages use simply by standing out in the crowd.

H Series

Combination Ash/Trash Receptacles with Canopy Top & Large Side Opening

Ideal for indoor/outdoor use. This contemporary design features a Canopy cover over its ash tray top. This upscale design encourages use simply by standing out in the crowd.

4400/3400 Series

Indoor / Outdoor Smoker's Post Ash Receptacles

A sleek, modern and durable solution for disposing of cigarettes by your building's entrances. This contemporary design will compliment ALL other Glaro products.

C Series

Combination Ash/Trash Receptacles with Large Side Opening

This contemporary design features a large removable "ash tray" top. This upscale design encourages use simply by standing out in the crowd.

R Series

Recycling Containers for Various Needs

Organizing waste makes it easier to recycle properly and helps protect our environment. Glaro carries a full line of receptacles to help you archive your goal.

192/F192 Series

Sand Tray Top or Funnel Top Cigarette Urns & Combination Ash / Trash Receptacles

This Classic is designed to coordinate perfectly with all other Glaro products. This model also incorporates a separate, removable inner refuse container to hold trash. A perfect choice.

TE&ASH RECEPTACLES

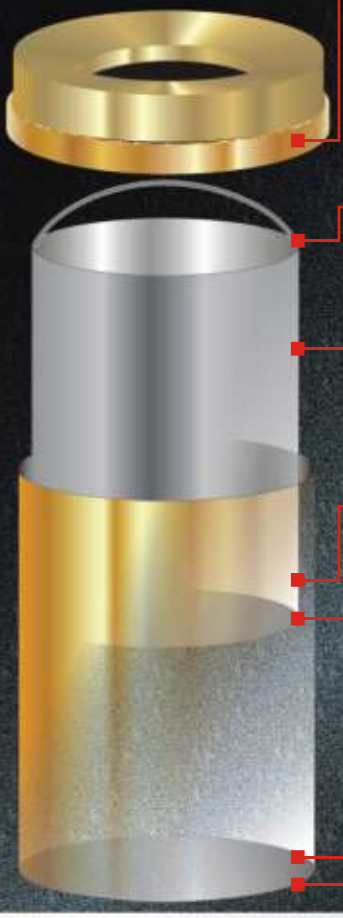
STYLES, FINISHES & FEATURES

FEATURES & BENEFITS

For All Receptacles Manufactured by Glaro

- 29 DESIGNER FINISHES
- SIZES from 3 to 33 GALLONS & 3" to 20" Diameter
- STYLES and FINISHES for EVERY FACILITY
- QUICK SHIP for ALL MODELS
- DOUBLE FIRE SAFE ALL METAL DESIGN
- ENGINEERED FOR DURABILITY
- CUSTOM FINISH COMBINATIONS AVAILABLE
- COMPLETELY MANUFACTURED IN THE USA

- Glaro All Weather Receptacles **are designed for Indoor/Outdoor use. All outer bodies are protected from outdoor weather conditions by our special High Temperature Baked on Powder Coating which is applied to galvanized steel or solid aluminum.**
- Solid Aluminum Tops **are a heavy gauge and are hand spun then satin polished. They have Glaro's exclusive tarnish proof Satin Brass finish, a Satin Aluminum finish with a clear powder coat protective surface, or a choice of 27 colors from our extensive selection of smooth and textured powder coat finishes.**
- Heavy Gauge Galvanized Steel Inner Receptacles **have a full Lift-Out Handle for clean and easy removal of trash. Metal inner receptacles are rust, corrosion, and fire resistant. For added fire safety, Glaro NEVER includes hazardous toxic or flammable plastic inner containers.**
- Solid Aluminum Bottoms **are standard on all outer and inner receptacles. They are Rust Proof and Corrosion Resistant to insure maximum Longevity.**
- Glaro Waste Receptacle designs and finishes **Coordinate Perfectly with all other products manufactured by Glaro.**



Satin Brass, Satin Aluminum & Matching Powder Coat Covers are Hand Spun Heavy Gauge, Seamless Aluminum with a Protective Clear Powder Coating

Protective Vinyl Gasket around Openings on Certain Models

Full, Lift Out Handle for clean, easy removal of inner receptacle

Extra Fire Protection from a Galvanized Steel Removable Inner Receptacle that is also rust and corrosion resistant

Choice of 2 Metal and 27 Durable Powder Coat Finishes All are Suitable for Indoor and Outdoor Use

Rust Proof Aluminum Bottoms for maximum Longevity

Vapor Barrier prevents mildew and helps protect floors

DOUBLE-METAL FIRE PROTECTION!

Glaro Waste Receptacles Provide a High Level of Fire Safety.

Glaro gives you TWO ALL METAL LAYERS of protection effectively containing small fires because both **Inner *and* Outer Receptacles are Heavy Gauge Metal.** This double wall construction helps to contain heat and flames in the event of an internal fire. (Many manufacturers offer a flammable, plastic inner bucket which may create its own potential hazard by producing toxic fumes and additional heat.)

The Glaro **Self Closing** Dome Top **"S Series"** and Tip-Action Top **"TA Series"** and **Smokers Post Series** receptacles in particular, **help to extinguish internal fires** by helping to cut off the oxygen supply. Small fires are retarded before they become a big problem.

Open Top models are designed to help contain a fire and the resulting heat.

Waste Receptacles

The "New Yorker" Satin Aluminum Collection

TA1533SA

S1536SA

D1533SA

F924SA

Glaro Pioneered the Design and Manufacturing of Aluminum Receptacles and Continues to be the Leader in the Field.

Glaro's "New Yorker" WasteMaster™ Collection is known for its conservative, dignified appearance, widely recognized as one of the premier product lines in the marketplace. The contemporary design and sleek satin aluminum finish will enhance any décor. The specially coated satin finish always looks new. The collection is known for its durability and ease of maintenance indoors and outdoors even in the most demanding environments.

- **Glaro Satin Aluminum Receptacles are Rust Proof and Tarnish Proof.**
- **Each outer receptacle cylinder is constructed from heavy gauge rolled aluminum that has been carefully satin finished.**
- **The Satin Aluminum tops are made from heavy gauge, seamless aluminum, and hand formed by Glaro's unique metal spinning process.**
- **The receptacle tops are then satin polished by hand and finished with a permanent, high temperature baked clear powder coat finish. The result is a permanent corrosion-free surface that is maintenance free and is easy to clean.**
- **Glaro Satin Aluminum Receptacles include a fireproof, galvanized steel inner container with a full "lift out" handle for easy removal of refuse and a non-corrosive, non-rusting aluminum bottom.**

Waste Receptacles

The "Atlantis" All Weather Satin Brass Collection

The Only Satin Brass Receptacles, that are

Even Outdoors... GUARANTEED!

Perhaps the only tarnish proof satin brass receptacle available, Glaro's "Atlantis" WasteMaster™ Collection features a rich, elegant and durable, tarnish-proof satin brass finish. Its heavy gauge, beautifully finished "All Weather", rolled Aluminum construction will withstand years of use in the most demanding environments. These waste receptacles are certain to add sophisticated styling to any decor.

- The entire outer heavy gauge rolled aluminum receptacle has a permanent, high temperature baked extra hard powder coat finish for an everlasting tarnish and rustproof, scratch resistant surface.
- Satin Brass finished tops are formed by Glaro's hand spinning process from heavy gauge, seamless, aluminum and are satin polished and finished by hand.
- These satin brass receptacles include a fireproof, galvanized steel inner container with a full lift out handle for easy removal of refuse and a non-corrosive aluminum bottom for added protection.

Waste Receptacles

The "Mount Everest" Designer Finish Collection

The ONLY Indoor/Outdoor Collection of Diversified Receptacles Available in Over 80 Finish Combinations!

With over 30 models and over 80 breathtaking colorful finish combinations available, the Mount Everest Collection is the largest line of diversified metal waste and smoking receptacles manufactured anywhere. In addition, a wide variety of sizes are offered to meet the needs of every public and commercial facility. Finally, the choice of finishes and architectural appeal created by Glaro designers, make this line one of Glaro's most popular collections.

The pursuit of excellence and pride by each Glaro employee enables Glaro to continue the tradition of shipping all orders in just a few days. Many agree that this record is as awesome as Mount Everest!

- Choice of 27 attractive high temperature baked powder coat smooth and textured finishes
- Choice of satin aluminum, tarnish proof satin brass, or matching finish on the heavy gauge hand spun and hand polished aluminum covers.
- Bodies are constructed with heavy gauge galvanized solid steel.
- These receptacles include a fireproof, galvanized steel inner container with a full lift out handle for easy removal of refuse and a non-corrosive aluminum bottom for added protection.

INDOOR / OUTDOOR WASTE RECEPTACLES

Now you can have it all. Style, function and durability. Especially designed for tough outdoor use, these Receptacles also have the same decorative appeal indoors.

Glaro's Unique, Protective, All Weather Oven Baked Powder Coat Finish is applied over Solid, Non Corrosive Satin Aluminum or Galvanized Steel (for solid and textured colors) providing a very attractive and extremely durable receptacle. Now your property can have the same elegant, upscale appearance outside as it has inside, but without deterioration caused by harsh weather.

All inner components are made of heavy gauge galvanized steel with aluminum recessed bottoms that cannot rust and will not leave rust rings on your floors.

The New Canopy Tops on the funnel openings are the latest addition to our Wastemaster® line. They are designed to keep rainwater from entering the inner container during adverse weather conditions.

Optional brackets for bolting the receptacle to any outdoor surface are available. Please inquire for details.

Funnel Top Ash Receptacle for safe cigarette disposal that is kept separate from inner receptacle.

Satin Brass, Satin Aluminum or Powder Coat Covers are heavy gauge polished spun aluminum.

Full, Lift Out Handle for clean, easy removal of inner receptacle.

Galvanized Steel Removable Inner Receptacle is rust, corrosion and fire resistant.

Baked Powder Coating Applied over, All Weather Outer Receptacle.

Rust Proof Aluminum Bottoms will not leave rust rings on floors or pavements.

Vapor Barrier helps protect floors.

Waste Receptacles

RecyclePro® Receptacle Collection

GO GREEN — GO GLARO

RP-2032HG/BE

RW-1532DS

Glaro is committed to operating as an environmentally responsible manufacturer by utilizing raw materials with a high percentage of recycled content whether it be aluminum, steel, or packaging materials. Furthermore, these products can themselves be recycled.

Glaro recognizes the need for the business community to offer better products for waste management in commercial and public spaces.

While developing specialized receptacles at the request of the US Government, the Glaro designers were inspired to create the Collection known as "Glaro RecyclePro®" Receptacles. Glaro has successfully combined design with function to create the most attractive, durable, and versatile recycling receptacles anywhere.

This Glaro Collection of specialized receptacles enables every business and property to provide their occupants and visitors with an attractive method to efficiently and conveniently recycle trash.

- Specialized Heavy Gauge Seamless Hand-spun Aluminum Tops For Your Various Recycling Needs
